

EA risk assessors

Dan Hinkley (based in Indiana)

Cynthia Cheatwood (based in Maryland)

Kim ? (based in Lewisville)

Sediment contact

Not mammals (what about raccoon)

Not reptiles & amphibians

Aquatic bird

Has blue heron (good for the ponds)

What about for the creek?

Looking into Green Heron

Should also consider:

Cows

Horses

Chicken

Goats

Turkey

Deer

Lead is the driver

Some other metals (Cd, Cu, Zn) Loraine & Wilcox process areas

HMW PAHs Wilcox process area & few others

LMW PAHs Wilcox process area

Background very low for metals in all areas here
